WHAT DO I HAVE TO DO IN HIGH SCHOOL TO QUALIFY?

Students in Graduating Classes of 2017 & later* will be eligible when all of the following conditions are met:

FIRST
 You must graduate with a diploma from a Nevada public or private high school**

GPA
 You must finish high school with an overall 3.25 GPA for all coursework, or receive a qualified score on a college entrance examination.***

Finally, you must have completed the minimum core curriculum requirements:

HIGH SCHOOL COURSES	UNITS
English	4
Math (including Algebra II or higher)	4
Science	3
Social Studies and History	3
TOTAL	14

RESIDENCE
 You must have been a resident of Nevada at least two of your High school years.

For the class of 2016 and **beyond**, the Nevada Board of Regents established the minimum score as follows:

- ⚡ SAT
 - Students who take the SAT **before** March 1st of 2016 must obtain a combined reading and math score of 990 or higher.
 - Students who take the SAT on March 1, 2016 or later must obtain a combined reading, writing and math score of 1070 or higher.
- ⚡ ACT
 - Students must obtain a combined score of 21 or higher.

All requirements for the scholarship are outlined in both *Nevada Revised Statutes* Chapter 396 and the NSHE Board of Regents *Handbook and Procedures and Guidelines*. Access to these documents can be found on-line at NVGMS.gov.
 +++ All requirements must be met by the time of high school graduation.
 *This information is subject to any changes in State law, policies adopted by the NSHE Board of Regents, availability of funding, and any related matters thereto.
 **Applications for students who did not graduate from a Nevada public or private high school can be found on the Millennium website www.nvgms.gov.
 ***A qualified SAT/ACT score only replaces a GPA below 3.25. Students are still required to meet the other requirements.

MAINTAIN ELIGIBILITY

- To receive the benefits of the Millennium Scholarship Program, you must enroll in an eligible institution of higher education in Nevada.
- It is important to remember receiving a Millennium Scholarship does not guarantee your admission to any institution.

- After your admission to an eligible institution, you must meet the following requirements to receive and maintain the benefits of the scholarship:
- Enroll each semester in a minimum of 9 credits at a NSHE community college or 12 credits at any other eligible institutions.
 - You must enroll in a program of study leading to a recognized associate degree, baccalaureate degree, or pre-baccalaureate certificate.
 - You must maintain a 2.60 semester GPA for each semester until you complete a total of 30 credits. Starting in the semester in which you earn 30 or more credits, you must maintain a 2.75 GPA each semester you receive Millennium funds.

If you fail to meet the minimum requirements in any semester in which you receive funding, you will receive a strike and your scholarship will be suspended. Eligibility for the Millennium Scholarship can be regained only once by meeting all of the requirements listed above in a subsequent semester. Loss of eligibility a second time will permanently remove you from the program.
